- Hindi

INTERNSHIP EXPERIENCE

Django Intern | The Entrepreneurship Network (TEN)

JUN 2025 - SEP 2025

- Developed backend features with Django and REST APIs, and integrated them with React.js frontends.
- Worked with MySQL/PostgreSQL databases, optimized queries, and ensured data security.
- Led the team as acting project leader, managing task distribution, code reviews, and ensuring timely delivery.
- Deployed 3+ projects successfully and gained hands-on experience with Git/GitHub and deployment tools.
- Successfully deployed 3 projects:
 - Ten4Youth (React.js)** - Youth engagement platform with user authentication, event modules, and content sharing.
 - TenIntraPay (React.js)** - Digital website to guide on how to improve resume, attractive LinkedIn profile and guidance
 - Ten Skill Era (Django + React.js)** - E-learning platform with course enrollment, progress tracking, and role-based access and to schedule the meeting with mentor, authentication.

PERSONAL PROJECTS

Clone of CGMaster Website

Mar 2025 - May 2025

- Cloned CGMaster website with two types of user roles: course takers and course creators.
- Built RESTful APIs using Django and consumed them in React frontend.
- created RESTful APIs for many features like course, Blog, User, etc
- used form validation for blog, user, and course
- used many kind of animation effects to make it visually appealing
- Tech stack: Django, React.js, JavaScript, Tailwind CSS, HTML, CSS, SQL

Data Visualization Website

Oct 2024 - Oct 2025

- Developed a real-time data analysis website with multiple filters for manipulation.
- used sql to render data
- Integrated various graph types: bar, pie, area, and line charts.
- Tech stack: Django, HTML5, CSS, JavaScript, AJAX, MySQL, Bootstrap
